## Fiscal Analysis

### ASSUMPTIONS:

#### **Secretary of State**

1. House Bill 376 requires the Secretary of State to select the date for each presidential primary election in February or March in the year in which a president of the United States is elected.
2. This bill requires an additional election every four years, which would be a cost to the counties.
3. The cost to the Secretary of State would come every four years starting in FY 2008. At that time, the department would need a HB 2 appropriation to pay for the election expense.
4. The Secretary of State will work with other Secretaries from the western United States to conduct a regional presidential primary election.
